15 August 2026

The Proprietor / Manager

Mama Put Kitchen
Ikeja LGA, Lagos State

RE: ENFORCEMENT NOTICE, CLOSURE NOTICE

Following inspection and review of your establishment under the SafePlate food and water safety programme, deficiencies were identified that place your establishment in breach of the required food and water safety standards.

Accordingly, the Agency hereby issues the following enforcement action: Closure notice. This action is taken pursuant to the NAFDAC Food Hygiene Regulations 2019 and applicable Lagos State food and public-health law.

You are required to take immediate corrective steps to bring your establishment into full compliance, including ensuring that all food handlers hold a valid Certificate of Fitness verifiable on the SafePlate platform, and that potable-water sources are tested and certified.

Where a fine, closure or licence action applies, it takes effect on the date of this notice unless a valid appeal is lodged. You have the right to appeal this decision within fourteen (14) days through the SafePlate platform, where the matter will be reviewed by the appropriate authority.

Continued non-compliance may result in escalation along the enforcement ladder up to and including temporary closure and loss of operating licence.

Issued for and on behalf of the Agency,

Officer Bello

LASEPA Enforcement Officer · SafePlate
